

Our Love Is Like A Fire

Lyrics by Mitchell Charles

In your eyes I see the heavens
In the heavens I see your eyes
A reflection of your innocence
Your absolute magnificence
In your smile I see paradise
In paradise I see your smile
I seek the warmth of your embrace
The loving look upon your face

Our love is like a fire
A sultry frenzied blaze
It burns with pure desire
Join me to fan the flames

Your absence casts a shadow
Your return reveals the light
I bask in your affection
In awe of your perfection
In your voice I hear an angel
A song sweet and divine
Your laughter makes my heart sing
I tremble when you call me king

Our love is like a fire
A sultry frenzied blaze
It burns with pure desire
Join me to fan the flames

Burning Fire
Pure Desire

Our love is like a fire
A sultry frenzied blaze
It burns with pure desire
Join me to fan the flames

Burning Fire
Pure Desire
Burning Fire
Pure Desire
